summer of 2016

PERSONAL PROJECTS

College GPA Calculator 2016
I have always created software during my free time. I bridged the gap between school and personal development with this project so I could improve my skills while finding a way to help me do better in school.
• Calculates GPA based on grade and credits
• is available on the iOS app store.
• 10,000+ downloads

College Grade Average Calculator
• Just submitted it. Calculates average grade based on a category weight.

SKILLS

Programming Languages
HTML CSS Javascript
JQUERY, ANGULAR
NODE, EXPRESS
TEMPLATING: EJS/JADE/GULP,
MONGO DB
